* Masa Meeting - lectures (history, tradition, culture, films, literature) and masterclasses (cooking, workshops)

** Trips - at least once a month there are trips around Israel (Haifa, Tel Aviv, Jerusalem, hiking in the North and the desert)

*** At the beginning of the program, expectations are agreed upon. Participants can suggest travel directions or locations as well as topics for meetings and activities.

During the program, you will experience at least 15 exam simulations. After two months, a simulation of the MOCK IELTS exam is carried out, and after four months, a simulation of the MOCK TOEFL is carried out. The simulations of MOCK exams are very similar to the real exam.

Two times per program, there are individual meetings with the academic coordinator. (feedback and the possibility of adjusting the program for the group)
